

Perfect prints without Xerox supplies? As if.

It's highly unlikely you'll get brilliant output and consistent performance without using Xerox supplies in your Xerox Phaser® printer. Maybe when pigs fly and Hades freezes over. **But why take the chance?**

Genuine Xerox printers and supplies are engineered together and rigorously tested for superior print quality and performance every time. Help your printer

do what it was designed to do. Produce powerful color images that command attention by using only genuine Xerox supplies in your Xerox printer.
